

X BR TOP CINE — UX Scenario

App ID: com.xbrtopcine.player · Version 1.0.1 · Platform: webOS TV (2016 and later) · Resolution 1920x1080

1. App overview

X BR TOP CINE is a **media player** for IPTV playlists. The user enters the access data of **his own content provider**: an Xstream Codes account (server, username, password) or an M3U playlist link. **The app does not include, sell or provide any channels, movies, series or playlists.** No user account, ads, payments or data collection.

2. How to test (demo playlist with free test videos only)

Step	Action	Expected result
1	Launch the app	Login screen with the app logo and two tabs: 'Xstream Codes' and 'Lista M3U'.
2	Select the tab 'Lista M3U' and enter: https://raw.githubusercontent.com/marcolagift2022-cyber/M-eulPTVPlayer/main/loja/demo.m3u	URL typed in the field (TV virtual keyboard).
3	Press 'Entrar' (Enter)	Main menu opens: TV ao vivo (Live TV), Filmes (Movies), Séries (Series), Favoritos (Favorites), Buscar (Search), Atualizar (Refresh), Sair (Sign out).
4	Open 'TV ao vivo' → choose 'Demo HLS 1'	HLS test stream plays full screen. Channel name shown on top for 6 s.

Step	Action	Expected result
5	Press Up/Down or CH+/CH-	Switches to next/previous channel of the list.
6	Back key	Returns to the list. Back again returns to the menu.
7	Open 'Filmes' → choose 'Big Buck Bunny'	MP4 video plays. Left/Right = -10 s / +10 s. OK = pause/resume. Progress bar shown.
8	Red key on any item	Adds/removes the item from 'Favoritos' (star icon on the card).
9	Menu → 'Buscar', type 'bunny'	Results grouped in tabs: Canais / Filmes / Séries.
10	Menu → 'Sair' (press twice to confirm)	Saved login is removed and the login screen is shown again.

3. Screens and navigation

Screen	Content	Navigation
Login	Logo, tabs Xstream Codes / Lista M3U, input fields, 'Entrar' button, disclaimer (player only, no content provided).	Arrows move focus; OK opens the keyboard on input fields; OK on 'Entrar' logs in.
Main menu	Clock/date, user name, subscription expiry (Xstream only), 4 large tiles and toolbar (Search, Refresh, Sign out).	Arrows + OK. Back on the menu closes the app.
List	Categories on the left, grid of cards (logo/cover + name) on the right, search field on top. Loads 60 cards at a time.	Arrows + OK. Red key = favorite. Back = menu.
Episodes	Seasons/episodes of a series (Xstream accounts).	OK plays; next episode plays automatically.
Search	Search field and result tabs Canais / Filmes / Séries.	Type 2+ letters; arrows + OK to open.
Player	Full-screen video. On-screen info: name, program guide (Xstream), hints, progress bar for movies.	Live: Up/Down, CH+/CH- change channel. Movies: Left/Right seek 10 s. OK pause. Back exit.

4. Remote control keys

Key	Function
Arrow keys	Move focus
OK / Enter	Select / pause-resume video
Back	Previous screen / exit video
Up/Down, CH+ / CH-	Next / previous channel (live TV)
Left / Right	Seek -10 s / +10 s (movies, episodes)
Red	Add / remove favorite
Play, Pause, Stop	Media control
Magic Remote	Pointer click works on all buttons and cards

5. Other information

- Supported formats: HLS (.m3u8) and MP4. Live channels from Xstream accounts use HLS when allowed by the server.
- Login and favorites are stored only on the TV (localStorage). No personal data is sent to the developer.

- No adult content is included in the app. No in-app purchase, no ads, no third-party login.
